

CINCINNATI COMMERCIAL CONTRACTING INDUSTRIAL PROJECTS

BUILDING RELATIONSHIPS

“Cincinnati Commercial Contracting recently built a 127,000 square foot manufacturing facility for Usui International Corporation. In order to meet some of our customer requirements, we needed to install some manufacturing equipment before the building was 100% completed, therefore making the schedule very tight. I cannot say enough about the work that the CCC team did to meet our schedule, allowing us to meet our customer schedule and requirements.”

— Dennis Chiu
VP of Usui International Corporation

OVER 40 YEARS EXPERIENCE BUILDING MANUFACTURING AND INDUSTRIAL FACILITIES

Cincinnati Commercial Contracting is recognized as a leader in constructing large, complex industrial, manufacturing and warehouse buildings. Every project is different and so are the needs of every client. After getting to know a little bit more about you during the initial meetings in the Pre-Construction phase, CCC will tailor a team to best suit your needs. Every step that we take through the construction process, is specifically designed to mitigate risk and enhance value.

You work hard to grow your business. The CCC team works with you to make sure your building is built to the highest standards of efficiency for decades to come. Creating a partnership with clients is the right way to do business. It may be why so many clients return to Cincinnati Commercial Contracting for all of their commercial construction needs.
