

HEALTHCARE AND MEDICAL FACILITIES PROJECTS

PARTNERSHIPS BEGIN WITH LISTENING

“We were paying more in rent than we would a mortgage, so I started doing research on how you go about building a building – I had no idea, I’m a physical therapist! When I met with John Westheimer at CCC it was amazing. I felt like he 100% cared about putting together a top quality building that I could afford. He listened to all my concerns, and I truly, truly felt heard. CCC made me feel so special throughout the process.”

— Diana Crecelius, PT
CEO, ABC Pediatric Therapy

SERVING THE HEALTH CARE AND MEDICAL INDUSTRY FOR OVER 40 YEARS

You have a vision for your facility and how to best serve your patients or customers. At CCC our job is to listen, learn, plan and then bring your vision to life. Whether you are renovating an existing practice or developing a new healthcare facility, CCC has the experience to mitigate any disruption to your business so you can stay focused on caring for patients.

Technology and state-of-the-art equipment are critical to offering the best medical environment, and they change rapidly. CCC can help ensure that your new facility is ready to adapt and respond to advances in technology that help your business thrive.

CINCINNATI COMMERCIAL CONTRACTING HEALTHCARE AND MEDICAL FACILITIES PROJECTS

BUILDING FOR CARE, COMFORT AND QUALITY

Clients come first. CCC focuses on giving clients the kind of time, attention and knowledge that they need to understand the construction process. Consistent with the medical field, attention to every detail and constant communication are critical to a successful outcome.

When building facilities in the medical and healthcare field, CCC focuses primarily on meeting our client's vision for their business, achieving the highest safety standards and governmental compliance regulations while creating the best atmosphere for patients and staff. You will receive the benefit of over 40 years of experience. CCC wants to be your partner in building for today and tomorrow. CCC provides solutions, advantages and the highest level of service to adhere to your goals.

Whether you've built multiple facilities and are knowledgeable with the process or your starting from square one and looking for help with location, building type and facility options, CCC is your go to team!

CCC's 3D modeling allows you to virtually experience your building before construction begins. This thorough process will save you time, money and unnecessary changes that could occur in the field.

Long-term performance and value are critical in the healthcare and medical field. CCC will help you build the best facility for today with an eye on what your needs may be tomorrow.
