

CINCINNATI COMMERCIAL CONTRACTING RENOVATION PROJECTS

TAKING YOUR BUSINESS TO THE NEXT LEVEL

“Cincinnati Commercial Contracting constructed an outstanding facility for Basco’s future requirements. With the additional space, we will now be able to take Basco to the next level. The Training Center receives rave reviews from anyone who attends our class, and the warehouse is designed precisely to handle our new manufacturing process.”

— George W. Rohde
President/CEO

RENOVATING TO GROW YOUR BUSINESS

It’s about creating top quality, enduring spaces where people can thrive. Your business may find itself in need of a commercial renovation for a variety of reasons. You could be expanding an existing space, moving to a new office, or simply working to bring an outdated space up to date. Whatever the case may be, you will need an experienced and trusted partner to help you to accomplish your goals.

Construction is greater than the sum of its parts. It’s about confidence, vision, and a network of people who make it all possible. CCC brings over 40 years of experience and expertise to open facility renovations, new construction, interior finishes, as well as the re-purposing of building spaces to suit client specific needs.

CINCINNATI COMMERCIAL CONTRACTING RENOVATION PROJECTS

THE DIFFERENCE IS IN THE DETAILS

Whether your business is remodeling to meet the expectations of your customers, or renovating to add space that's necessary for expansion, let's work together to make your vision a reality.

Each project presents a different set of challenges. This requires a team that will know how to facilitate the construction process with various municipalities, while staying focused on the standards and procedures that will make the project a success. CCC's method of effective communication and transparency assures clients that their resources and community projects are protected by a trusted partner.

When constructing additions and exterior renovations the new should seamlessly blend with the old. That's what you want and that is what you will receive.

With 3D modeling you can see all areas of your space.. This allows you to simulate customer experience and evaluate work stations to ensure the most productive way to structure your space.

Your success is of the upmost importance. The quality of construction that you receive is essential to your success and satisfaction.
